

ANTHONY.

Special correspondence Ocala Banner. Well, as "Blue Bell" has been absent two weeks, she will try again. News of any interest is scarce around Anthony.

Most of the men have gone to the hammocks, swamps and other places so as to be ready for the hunting on the first.

Revival services closed here last Monday night, Rev. Moore, of Ocala, assisted Rev. Cunningham during the meeting. Rev. Moore preached some interesting sermons while here.

Mr. Harvey Grantham, of Sparr, was a caller in our vicinity Sunday.

Mr. Richard Sullivan, of Wauchula, was the guest of Mr. J. L. Hillman Tuesday night.

Several of the Sparrites attended church at the M. E. church Sunday night.

Mr. Cyle, of Plant City, is now operator here in place of Mr. E. P. Hutto.

Mrs. George Pasteur attended the marriage of her sister, Miss Louise Boring, to Mr. Davis last week, at Pine.

Mr. Ellis, of Georgia, brother of Mr. Walter Ellison, of Anthony, moved in our little town last week. He has a family and the young ladies note, with pleasure that he has two very capable young boys, and also a very pretty and attractive young daughter, which fact, of course, is being thought of by the boys.

Well, "Here and There" I am glad you enjoy "Blue Bell's" items. Now if Mr. Editor will allow, I will send my own definition of the word "love."

Love is the mysterious tide of sentiment that flows from soul to soul that cannot be expressed by words. It ebbs and flows from heart to heart, and breaks into pearl and silvery foam on troubled shores of life; it turns the humblest home into a palace; it makes the pauper a king. Wherever its rapturous billows roll we are tossed to and fro on sweetest waves of passion that heave the human breast, and there is no true happiness when love is not in one's heart. Love and to be loved is the purest and most genuine happiness of one's life.

BLUE BELL.

We have inaugurated a big cut in the prices on men's pants and boy's suits. They are splendid values at our prices. Call and see them. A. L. Webb, The Fair.

McINTOSH NOTES.

Special correspondence Ocala Banner. Dr. G. S. Williams is expected home in a few days from Atlanta, where he has been for the past six weeks for special treatment.

Walter Norsworthy is at his post after a few days' sickness. Rev. Dr. Martin preached at the Methodist church today, and tonight; preached his last sermon with us for sometime at least, as he moves tomorrow for northern Georgia.

W. T. Waters' packing shed fell down on him last week, and pretty badly bruised and mashed him up, but it might have been worse, and he is to be congratulated that he came out of the rubbish looking as much like a man as he did.

L. H. Willis has gone to Kentucky after a car load of stock for S. H. Galtskill. He was expected home with the stock Monday.

Mr. and Mrs. Hall and little daughter are at the Baldwin hotel for a few days. Mr. Hall is interested in the firm of Monroe & Co.'s naval stores and will have charge of the farm near Flemington.

W. E. Allen is cutting car loads of oranges this week. The crop through this section is pretty well colored and mostly fancy fruit.

The teachers of the high school in company with several other young people with Mr. and Mrs. J. S. Thomas as chaperon hied away Friday night to the banks of Orange Lake and enjoyed a fish fry by moonlight.

Quite a few went to Micanopy Thursday night to hear the drainage question discussed by Governor Broward and others.

W. G. Norsworthy will open his packing house for business this week. Several orange buyers have put in their appearance and things are getting interesting to the growers more and more every day.

Mrs. J. A. Murrell went to Gainesville yesterday to have some dental carpentering done.

A Methodist Minister Recommends Chamberlain's Cough Remedy. We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it; it is especially good for croup and whooping cough. Rev. James A. Lewis, Pastor, Millica, Minn. M. E. Church. Chamberlain's Cough Remedy is sold by all druggists. m

The biggest values in shirts to be found in Ocala are at A. L. Webb's.

TORREY HAPPENINGS.

Special correspondence Ocala Banner. We are now having pleasant weather, although a little cool in the early morning.

Oranges are being rapidly shipped from this point now. Cars seem to be rather scarce as a greater amount are being demanded than are furnished; more engines also seem to be needed now than those which are in use. A great many oranges have to stand several days after being packed before they can be moved on account of not having cars and engines enough.

A lovely residence is being erected here for one of our young merchants and if Madame Rumor speaks correctly and also the many Sunday visits he makes to Hoomely, there will soon be another young bride among us.

There have been three weddings here in the past week.

We have a nice Sunday school here. Mrs. Alfred Campbell was elected secretary and treasurer Sunday, Mr. May having resigned. Miss Beulah Knight was again elected organist and Miss Lee Peeples assistant organist.

Mr. Tom Whaley, of Zolfo, spent Saturday night and Sunday here with his brother and sister-in-law, Mr. and Mrs. Burnie Whaley.

Mr. Willie May has sold his place here and will soon leave for or near Ocala, where he intends residing in the future.

Mrs. Barber and little daughter, Edna, of Wauchula, came up Sunday to see the former's daughter and son-in-law, Mr. and Mrs. Jim Martin.

Mr. Kensington, our school teacher, returned this morning from a short visit to his parents near Tampa.

Mr. I. Murray left for his home in Georgia.

"SUNSHINE."

MARTEL JOTTINGS.

Special correspondence Ocala Banner. There has been an immense amount of sickness in and around Martel the past six weeks.

Mr. and Mrs. Davis lost their five year old son from the effect of spasms Thursday, Oct. 26. They have the sympathy of the community.

Mrs. H. W. Long is convalescing slowly from a stubborn attack of fever of six weeks duration.

W. B. Johnson, of the Martel Lumber company, has returned from a visit to his family at Valdosta, Ga.

Arthur Hardaker is having a cosy residence erected on "quality row." The cage is all right, where is the bird? (The bird will be there, soon.) —Ed. Banner.

J. L. Smith, of Berlin, is finishing a two-story building on Main avenue, of Martel, and will use the ground floor as a store.

The Martel school is progressing nicely under the teaching of Miss Stella Martin, who descends from natural born teachers.

Mrs. L. D. S. Curry, of Jacksonville, who has been nursing her sick sister several weeks will return to her home Monday.

The members of St. Johns Sunday school presented to H. W. Long superintendent for the past forty five years, a nice Morris chair, Oct. 14, through the pastor, Rev. W. A. Weir, as a token of appreciation of his services which Mr. Long very much appreciates. Such prominent persons as Hon. J. M. Barco, B. B. Barco, G. J. Ross, N. Barco, D. M. Barco and Mesdames L. M. Graham, A. J. Turner, J. H. Brooks and Ollie Bachelder, were scholars of that Sunday school during the sixties. An extraordinary feature of its history is that during his long term of service the superintendent has not missed a service on account of personal sickness, and was never fifteen minutes late.

After running four preliminary lines from Carter's Pond to York by the G. & C. railway company, a permanent line has been located within a half mile west of H. W. Long's residence, which will completely surround him with bands of steel, and place him within from a half to one and a half miles of a railroad, east, west, north and south.

The members of friendship lodge No. 53, F. & A. M., had that splendid artist, N. I. Gittlieb, of Ocala, to make an excellent crayon of H. W. Long, W. M., as a token of their fraternal regard for past services as W. M., thirteen years at different times from 1866 to date, and being the only living member of that lodge of 1862, which was suspended upon the rolls of the lodge rooms at a regular meeting, Oct. 26.

The lodge during its existence has never been in a more flourishing condition. During this year at each stated meeting from one to three candidates have had degrees conferred upon them, the new members being bright, intelligent young men, who will make a name in Masonry and society not to be despised.

ORANGE SPRINGS ITEMS.

Special correspondence Ocala Banner. For the last three weeks sickness prevented my giving you the little news from this section.

We are delighted with the cool weather, if we did not have such long summers Florida climate would be the most desirable on earth.

Grapefruit and oranges are ripening very fast. They are beginning to have a beautiful yellow tinge. The oranges are both sweet and juicy, more so than I have ever before known at this season of the year.

Sugar cane is fine, the farmers will soon commence to operate their sugar mills.

Mr. J. B. Hall will make more syrup this year than he has ever before. He makes the best I ever ate; very fine flavor and very thick. Some firm, who has stores both in Miami and Titusville, wish to secure his entire crop of syrup. They have purchased most of it for several seasons and know they can depend upon it being O. K.

The turpentine firm of Messrs Massey Brothers, have secured the services of Mr. Snyder as stiller, and he and his mother moved in last week. We welcome them as they will be quite an addition to our little community, especially in the Sunday school.

Mr. C. Woods, who has had quite a time with la grippe is slowly improving.

Mrs. Icaas Hall, who is seventy-nine years old, has had a very severe spell of the la grippe, but is improving.

The cattle men from Palatka passed through here last week looking for cattle. They are expected back today with quite a drove. They took meals at the Porter house.

I would like to say something in regard to dear old Sam Jones, with whom I was acquainted, but time forbids, a better man never lived. "By their works you shall know them."

Your paper is one of the best, if not the best, county paper I have ever read, when I finish reading it I send it to my brother, who lives in Galatin, Tenn., near the old home of Col. Burford, and the home of Mr. John Bell Peyton.

SIC SEMPI TYRANNIS.

OCLAWAHA NOTES.

Special correspondence Ocala Banner. Our people were pleased to see by Thursday's issue of the Banner that you have an able correspondent at Lake Weir. We feel that this—the most beautiful section of the county—if not the entire state—should be regularly represented in Marion's oldest and best newspaper. Our pessimists are rapidly becoming a thing of the past, and we are looking forward to the time (in the near future, we hope) when our charming Lake Weir will put on her old time splendor, and her lovely shores again sparkle and bristle with energy, life and beauty as of yore.

All the residences of the lake shore have been reveling in the delightful autumn weather. There are no mosquitoes to make us lose our religion; the lake water is delightfully cool and refreshing, and the many and varied tints and shadows play upon its sparkling waters are joy to the soul and a delight to the eye. No one with a soul as big as a peanut could live here any length of time without becoming charmed by this ever changing but ever beautiful lake.

Miss Maggie Nixon, who is attending school at Ocala, came down Friday evening for a week-end visit to her grandfather, and her sister, at their home on the lake shore. The family have been very uneasy about Mr. Nixon, who was in the storm on the east coast, he having charge of a number of men engaged on the Key West extension. They have not heard from him since the storm, but "no news is good news," and they hope for the best.

Mr. R. L. Martin, of Ocala and Lake Weir, came down to the latter place Friday afternoon to survey the road from that point to White's ferry.

Miss Katie Scott, of Staunton, Va., nee of Captain H. W. Henry returned Saturday afternoon to spend the winter with Dr. and Mrs. Hugh W. Henry, on the lake. She made many warm friends here during her visit last winter who are glad to welcome her back again. She is indeed a most gracious and charming little woman and loved by all who know her.

Mr. A. W. Yonge, one of our progressive merchants and planters, made a business visit to Ocala Friday.

Col. R. E. Burnham, of Texas, who owns several orange groves on Lake Weir and at Candier, came down Friday afternoon to look after his interests here and is stopping with Judge C. J. Smith at Lake Weir.

Mr. W. H. Moore leaves Sunday afternoon for a business trip to Arcadia.

The steamer, Della, is kept busy these days with the shipments of oranges from the island and the peninsular, the Carney Investment Co., Col. Burnham and others having quite a large crop this year.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Sticle, of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25 cents at Tydings & Co.'s drug store. m
